

Safety presentation guide

Please remove before the presentation takes place.

This presentation is based on the FLSmith Safety Instruction

Before or during the presentation:

- Point out the actual assembly point for the meeting room / building (slide 2)
- Point out the actual location of the emergency exits (slide 3)

When presenting the drawing of the floor (slide 3), point out the area where the meeting room is situated.

Safety, Valby

- The emergency alarm is a 30 sec. bell sound in 10 sec. intervals.
- Emergency exits are marked with green signs. 
- The Emergency exits on this floor are situated.....
- The evacuation guides with yellow jackets will guide you.
- The assembly point of this floor is the Orient canteen (U)
- Stay at the assembly point and await further notice.

- The fire extinguishers on this floor are marked with red signs  and are placed....

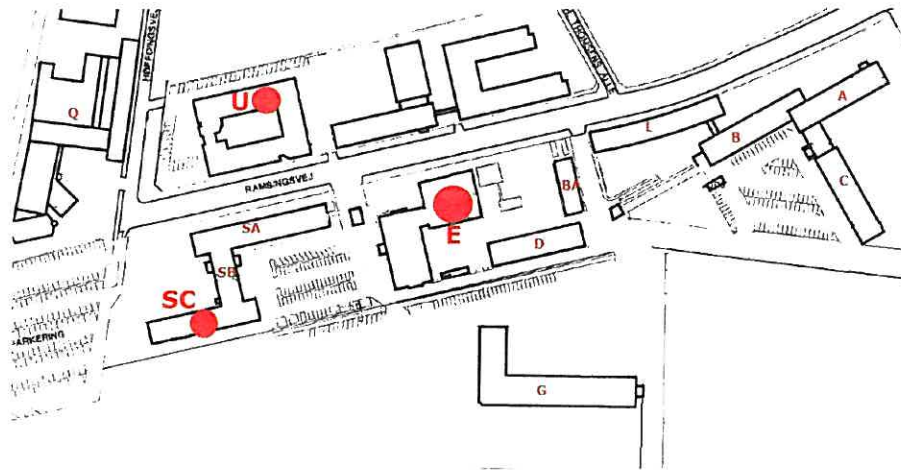

- Further information about fire and evacuation on Valby homepage / Emergency, Fire and security.

Please remember to leave the room as tidy as you expect to find it
